**The Refugee Law Clinic Trier** is a non-profit association consisting of law students and other volunteers who provide refugees free legal advice in German and European asylum and immigration law, as well as offering asylum seekers assistance for other legal and administrative challenges.

## What do we offer?

The RLC Trier counsels refugees and asylum seekers in the field of asylum and immigration law. Within this framework we can provide basic consultation on issues of family reunification, employment and access to social welfare benefits.

The focus of our work is on effectively preparing clients for their hearing before the Federal Office for Migration and Refugees (Bundesamt für Migration und Flüchtlinge).

## Who can approach us?

Our services are intended for asylum seekers who, for financial or personal reasons, only have limited access to professional legal counsel.

Our target group is asylum seekers in Rheinland-Pfalz who have not yet obtained a status in Germany. Only on questions of family reunification or employment do we provide counsel after the obtainment of a status.

## How do we work?

Our legal assistance is confidential and free of charge. It is provided by teams of two consultants at a time, who have acquired the necessary legal expertise through RLC Trier in German and European asylum and immigration law. They are further assisted by an advisory panel of professional attorneys

## How can you reach us?

Our consulting starts on 1st Aug. 2016. Please note that we cannot provide services without an arranged appointment.

You can make an appointment
